DOC'S PLACE . . . Doc, the well loved character in John Steinbeck's novels on Cannery Row, actually did live . . . and this is the place he spent his days, photographed by Regina Hicks, pupil of Gerry Sharp, a director of the Friends of Photography at Sunset Center. Of course, it may not stand much longer if the fires continue to destroy the property along that famous, historical row of canneries. Already in the past four months, two fires have swept through more than two old cannery buildings, with the most recent happening Saturday evening. Damages were estimated at between $70-85,000 and gutted the San Xavier Cannery as well as the adjoining sculpture center. Fourteen firefighting trucks were called to battle the blaze, including the Carmel Volunteer Fire Department. Ironically enough, that was the beginning of the Fire Prevention Week.

Cultural Commission Considers Recommendations For Sunset Center

The Carmel Cultural Commission, in its efforts to bring Sunset Center along to the point of success, invited a professional auditorium manager to come here for the sole purpose of offering advice and making recommendations.

For three days, William Lillyman of Monroe, Louisiana Civic Center, toured Sunset Center, talked to various commissioners, and councilmen, and finally met with the Cultural Commission at the City Hall to give his recommendations.

Lillyman suggested that seats in the Sunset Auditorium be replaced with new ones . . . that carpet be laid in the isles . . . that the entire auditorium be painted . . . and that stage rigging be brought up to date. He indicated that a professional company would not be apt to book a show in the auditorium with the present inadequate facilities.

Lillyman said the manager "must complement those things which are already going on in the community."

The veteran auditorium manager went on to recommend that Sunset Manager Cole Weston be given a more professional title, that his office be dressed up and that he needed a secretary to answer calls and handle correspondence. When a company makes contact with Weston, he needs a professional atmosphere. Furthermore, the Sunset Manager must be a promoter manager, not a producer.

Lillyman said that the city should promote seminars and conferences, but NOT conventions.

Probably one of the most outstanding ideas Lillyman had was to produce a historical pageant at the Forest Theatre.

He estimated it would cost the city $75,000 to get Sunset Center "fixed up" before it will pay back dividends.

CARMEL YOUTH ARRESTED ON MARIJUANA CHARGE

A "buy" of marijuana was set up for the night of 23 September. The deal was to be consummated on Dolores and 8th Street. A boy sold the "pot" to an undercover agent.

Then on October 8 Carmel Lieutenant Bob Fischer went to Carmel High School with a warrant of arrest for a juvenile aged 17.

Upon the arrest, and in the presence of the boy, his school locker was searched, revealing a 100 day diary containing information of those to whom he had sold marijuana and who had joined him in its use. The journal listed 17 drugs, including heroin, (taken once) opium (9 times) LSD (14 times) and marijuana (81 times).

The youth said that he had been experiencing drugs since the age of 14.

He ended the journal with this statement: "One hundred days of catalogued drugs — July 1 through October 8. Quite a summer.

"Was it worth it—I can't say. I'm off acid now. For how long I don't know. They taught me the difference between drug use and drug abuse.

"The price: Meth rash, shorted nerves, cop paranoia, anemic wallet and number 2 man in town."

WEATHER

Mostly sunny with slight chance of rain. Temperature highs near 72, lows near 52. The big surf indicates a storm out in the ocean.

FIRST CONCERT TONIGHT AT SUNSET

A limited number of tickets for the FIRST CONCERT by three internationally famous artists, Rosario Mazzeo, Jascha Veissi, (Vee-Cee) and Katie Clare Mazzeo tonight at Sunset Auditorium are still available, until 8:30 concert time.

The Mazzeos have long been associated with the Boston Symphony Orchestra where Mr. Mazzeo was clarinetist since 1932. Mrs. Mazzeo, noted pianist and Arthur Schnabel pupil, has toured extensively. Mr. Veissi is a former member of the Vienna Philharmonic and the famed Cooliedge Quartet.

A varied program of Mozart, Bruch, Beethoven, Hindemith and others is planned. The artists are donating their fees to benefit the Arts Coordinating Council.

New Housing Development

Carmel realtor Gladys R. Johnston and Warner Wilson of Aptos Realty announced the sale of "High Meadows" subdivision, located east of Highway 1 and south of Rancho Mar Monte and Jack's Peak, on which lovely condominiums will be erected.

Mrs. Johnston mentioned that these condominiums will not be retirement homes, as many others, but "condominiums to be purchased for homes."

According to the purchasers, the Trojan Company of Los Altos, the property will be attractively landscaped and will feature interesting recreational facilities, pools and rooms for entertaining.

This is the initial phase of a larger development which will be spread over a period of three to four years. Construction will begin soon, not to be completed until late next Spring.

MOVIE REVIEW

TO SIR, WITH LOVE reminds you of what really warm good movies are like. It is a beautiful movie and perfect from top to bottom with lot of mod action.

* * *

THE FLIM FLAM MAN. This comedy drama, filmed in bluegrass country of Kentucky, produces a newcomer, Michael Sarrazin, in his motion picture debut.

* * *

SAND PEBBLES, an adventure romance set in China prior to World War II.

* * *

REFLECTIONS IN A GOLDEN EYE. Strange passions tear at Marlon Brando and Elizabeth Taylor as a couple in conflict in a peacetime army post. Produced by Ray Stark from Carson McCuller's explosive novel.

* * *

EMILY. Running for only five minutes on the screen, the sequence in which James Garner leads a wave of assault troops on Omaha Beach during World War II in "Emily", required four months preparation and a week's photography.

* * *

ZORBA, 1964's finest film. Anthony Quinn is brilliant. His Zorba in this picture possesses all of the energies and urges of the great ones of history and myth. He is Adam in the Garden of Eden.

"Ringo," an SPCA orphan, found a home and is now enjoying daily walks along the beach, swims in the lagoon, and digging in his owner's flower garden—everything a puppy loves. There are other orphans who are not so lucky, but with a new SPCA proposed location on the Salinas-Monterey Highway, maybe they will have a better chance. Presently the SPCA is engaged in a fund raising drive and has organized a Treasure Auction at Sunset Center October 28 to build their new shelter. All animal lovers are encouraged to bring donations and contributions to the SPCA sponsored Sappy Shop in Carmel, or call 624-1053.

REPORTS FROM RLS

By Chandler Meloy

Sports Program in Full Swing

Last Saturday seven teams were competing for R.L.S. with two special events on Sunday for a typical fall weekend at the school. As the old timer might say: "Sports is full" . . .

The rifle team, shooting on Sunday at Ft. Ord with 18 other squads, took second. Skip Olinger led the team in scoring, with Jeff C. Smith taking three medals, and good scores by David Brock, Ralph Keeley and John Witkin. Then, in the intra-school match of the year on Sunday afternoon, the Senior bombers led by lineman Dave Klein and Bill Kondrat slipped by the Junior scatbacks, 6-0 in touch football.

On Saturday, the Water polo team traveled to Sunnyvale and were nipped at the wire 13-14 for their second straight one goal defeat. It was a heartbreaker. The JV's came flying back to win 21-6 with Dave Inks popping in 10 goals for scoring honors. Five teams traveled to York School to compete in cross country and soccer. The varsity cross country team, led by Mark Stevenson and Don Hicok won a rugged two mile competition by 24 to 31. Tom Brown, who is moving up each week, and Bob Bardin added to scoring honors. The Junior Varsity won strong with a 16 to 46 score, again led by the Todd Brothers, with Mike Bohman and John Konsgaard helping. (Art Lara moved to 6th spot on the varsity due to a team illness and did not run JV this time). The reserves won 15 to 40.

Out on the soccer field during the running, the York JV's nipped R.L.S. by a 4-3 score, while the varsity took honors for York with a 1-0 win.

Wynn Elected Chairman

Student President Claude Wynn has been elected chairman of the student California Association of Independent Schools. In a meeting held at R.L.S. last week, the state-wide organization also set up a Ski competition for the first week in February to be held at Squaw Valley.

Debators Start Season Saturday

Five varsity debate teams will compete in the opening debate tournament of 1967-68 by traveling to Soquel this Saturday. Teams include Bill Kondrat and Jack Booth, Bruce Decker and Jeff Klein, Bill Hand and Mike Greene, Joel Harris and Geoff Haynes (who were at the Seaside workshop last month) and Robert Howard and Pete Cowden. There are a total of 20 teams but many of them will be taking special tests this Saturday and cannot attend. Stevenson will sponsor a tournament on November 18, open to the public.

Save November 12th-Sunday

The third annual Art Show and Festival will be held on Sunday November 12th and will be open to the public. This is in connection with Parents Day on November 11th. A Rembrandt etching will be on display . . . oops, we are letting one of the surprises out of the bag . . . shame on us.

53,000 people lost their lives in traffic accidents during 1966. 35,100 were drivers or passengers in automobiles. If they had been using seat belts, at least 8,000 to 10,000 of those lives would have been saved.

Local Company Enters Film In Contest

A film featuring Big Sur poet Eric Barker and the area in which he lives and has written about has been accepted for screening for this year's San Francisco Film Festival.

The 20-minute color film, titled "The Country of the Mind" and the first produced by Frohman Productions, will compete against some 400 short and 116 full-length films during final selection for the festival, Oct. 20-29th.

The film explores the natural beauty of the Big Sur country as Barker, whose work has been widely published, recites his poetry of the area.

The Carmel Varsity took the lead early Saturday afternoon only to drop a big one to Gonzales by a close 26-19 decision. Shown pursuing the Gonzales ball carrier are Bill Swift (84) Mark Spinler (36), Bob Gamble (reaching for the carrier), Ben Artelian (on the ground) and Pat Read (51). Remaining games for the Carmel Padres are Hollister, Palma, King City, San Lorenzo and Pacific Grove. The only home game left is with Palma to be played at 2 p.m. October 21. Carmel Art Modes

By Louise Cook

Three years ago Bill Timmins moved to Carmel with his wife Marge. His father was the well known Carmel artist and illustrator Harry L. Timmins who, incidentally, was also the father of Mrs. Donald Teague.

As early in childhood as Bill can remember he has had an artist's paint brush in his hand. Constantly and consistently he has developed the disciplined hand which can best express the artist's thoughts.

One time, while Mr. Timmins Sr. was travelling in Europe, Colliers Magazine mailed an illustrating assignment to him. Bill, barely out of high school, opened the envelope and brashly went ahead and did the art work. Colliers accepted it and this sealed his destiny in the commercial art world.

Bill studied at the Art Students League and Grand Central Art School in New York under Mario Cooper. In the past his life mostly has been devoted to the illustrations field but now he has been devoting more and more time to the fine arts, very much as his father did.

Bill treats the California scene in oils and watercolors with thoughtfulness, purity and affection. His love for eucalyptus trees is expressed in fresh and gay country landscapes. His seascapes are as refreshing as the sea itself. Shades of blue-green which dominate his palette make his work highly individual. He is also a master at the very special art of portraiture. His paintngs are shown in several Carmel area art galleries and in the Perry House Gallery in Monterey.

THIRD TIME IS THE CHARM . . . First this lovely water color entitled "April Woodland" by Anne Carlson won the quarterly art show at the Craft Center in the Doud Arcade . . . then it won the water color division at the Monterey County Fair . . and finally it took first prize at the San Juan Bautista Art Show in the amateur division. Anne Carlson is from Carmel Valley and was inspired by the beauty of the autumn in the New England States. S. D. Yuan, who is showing at Zantman Galleries in Carmel, won the second prize in the division of professionals. His entry was "Guanajuato."

Mrs. Nell Applegate celebrated her 90th birthday October 4 at her home where over a hundred friends joined her from all over the country. Shown with her as she unwrapped a gift are L-R Mrs. Bradford Smith, Ashley Smith and Mrs. Harvey Russell. The open house was planned by Norbert Kammer, her companion, who has traveled with her to various Baha'i headquarters in the cause of World Peace. They flew to Panama, Oct. 4, and will tour the Carribean Islands.

She passes on this philosphy for those growing older:

LEGS: Use them. Keep going. Walk. Climb stairs.

THINGS: Don't be a slave to them. Your heirs will probably throw out most of the junk you cherish. Do it yourself.

MEMORIES: Throw them out too. Go live in a new place. Have a new and different life. Never think back of regret. Go ahead!

FRIENDS: Don't give up the old ones, but make a new one every year.

WORK: If you don't know ow to do anything, learn. Never stop learning.

PERSPECTIVE: Now is the time to get a good look at life and try to see what it is all about.

TIME: It is precious now as never before. Use it. Do quickly the things you've wanted to do sometime.

RISKS: Take them. It's the young who should be cautious. They have much to lose. You have little to lose. Live dangerously!

Seven Carmelites Among Twelve Passengers Aboard

MY MOST INTERESTING TRIP

by Dr. Faith Thomas

In looking back over 30 years of travel experiences, I think one of the most interesting trips I had was a solo trip from Capetown to Cairo in 1947. Although I flew to and from the continent, the four month trip through Africa was virtually all by surface transportation mostly by narrow woodburning trains. One thousand miles of it was by paddle wheel steamer on the Nile starting from it's source—Lake Albert.

The first month in Southern Africa had points of interest such as visiting gold mines and native compounds in Johannesburg; diamond mines in Kimberley; and the King Garden Route from Capetown to Port Elizabeth. This year, too, was my first visit to Kruger national park. Asking for the best guide they had I was given the one that took Tyrone Power through the week before. We went out only in early morning and late afternoon and saw cheetah, lions, sable antelopes, gracefully leaping impala and giraffes.

At Victoria Falls, an English widow and I chartered a small one-engine Stenson plane and flew big game country. Three times I spotted elephants, and as he "buzzed" them they stretched out their huge ears and ran. We also flew over a herd of the dangerous African buffalo. As this was before breakfast, we welcomed the pilot's suggestion that we drop down and have a "spot of tea" with his friend who manned a lonely outpost where the Rhodesias and Bechuanaland came together.

In order to connect between two train routes in the Belgian Congo, a primitive bus was used between Kamina and Kabalo. Recalling the fine pineapples and bananas for sale along this route, on boarding the train for Albertville I ordered a fruit salad. A can of imported fruit cocktail was opened and served.

A woodburning steamer was taken to cross Lake Tanganyika and here I met my first Americans of the trip and the five of us sat up all night talking. At Tabora we hired a car to go see the monument where Stanley and Livingston met. Ujiji natives, clad in monkey skins with chalked faces, were giving a dance for rain. There wasn't a cloud in the sky, but that evening it poured.

Visiting native villages along the Nile, I was escorted by two British officers who explained the customs of villages visited. Most of the natives wore only bracelets and fancy hairdos and had an odd way of standing on one leg like a crane as they rested. They bought their wives with cows. Each tribe had it's own distinguishing tribal scars which were given them at the time of puberty. The Kinkas have the three slashes across their cheeks and the Shilluks have little round keloid tumors on their foreheads. Suddenly a woman ran out of a hut giving a shrill staccato like cry, and I was told it was a glad cry indicating a baby had been born. Incidentally, on the trip I helped deliver a little baby on a bus—mother speaking only Swahili.

It was a treat to see Abu Simbel by moonlight. On arrival in Cairo, things were in an unhappy state. The U. S. had voted in favor of the Jews and against the Arabs. I decided to take the first plane out.

A friend who taught at the University helped me get the necessary visas and I went through with a police escort to get to the TWA office. Once on the plane my friend, Dr. R. whose path crossed mine several times on the trip north, was on the plane. I still remember Dr. R's farewell at Madrid as he said, "Well Faith, I'll see you 50 years from now and we'll both be in the poorhouse. As you sit in your wheelchair, I'll hobble over with my cane and say 'Well, Faith, where are we going to next!"

Our man with the Armed Forces

Because beer is such a favorite with service men, we brewers like to do all we can to keep its surroundings right. So USBA representatives serve as adviser members of the Armed Forces Disciplinary Control Boards throughout the country.

These men from the USBA operate hand in hand with service and civilian police, with malt beverage licensees, public boards and committees: military, civil, professional. Object: to protect those who are underage, and to insure strict observance of the law.

We're proud of the work they do.

From A Librarian's Notebook

By Ruth Galvin Thornburg, City Librarian

A part of the reading public seems to have gone mad about Marshall McLuhan. When his name is mentioned they get a feverish glow in their eye and begin to say it isn't WHAT he says so much as the WAY he says it. Hopefully, we have purchased his THE MEDIUM IS THE MASSAGE. If you read "message" at first glance, you were wrong. The word is massage. Certainly his way of saying what he has to say is unusual and different. You must be the judge of whether or not he really has something of value to impart.

In 1966 Michael Novak of Stanford, wrote an article for the Saturday Evening Post which was entitled The New Nuns. Comes now a book with the same title, which contains a condensed version of the Post article plus several other articles on the same general subject. It is a sort of symposium. Many of the articles were written by nuns, some of them were done by people in other fields of endeavor. All of them deal with the changes in the Catholic Church as these changes pertain to the various religious orders.

The limerick is a delightful literary form, not always conventional parlor-type, but fun. We have a book on and of limericks. It is called THE LURE OF THE LIMERICK, AN UNINHIBITED HISTORY and it was edited by William Baring-Gould. Limericks are said to have been originated by Edward Lear but Lear himself denied the allegation. Be that as it may be, here is an example:

There once was an artist
named Lear,
Who wrote verses to make
children cheer.
Though they never made
sense,
Their success was immense,
And the Queen thought that
Lear was a dear.

A working combination of psychlogy and religion is the basis for the book THE ART OF UNDERSTANDING YOURSELF by Cecil Osborne. The author is pastor of a church in Burlingame. He writes with what seems to be great insight. The first chapter is on Your Lonely Self, and in it he speaks of the reasons why all of us are lonely and what we can do about it. This is a self-help book and a comforting one.

Someone on the idiot box last week defined a Hippie as a person who dresses like Tarzan, walks like Jane, and smells like Cheetah. This week we have a book on Edgar Rice Burroughs, the man who created Tarzan in 1912. There have been fifteen men who played Tarzan in films and on television, and it seems almost unbelievable that today number fifteen, Ron Ely, is a weekly feature on television. This book is illustrated with photographs, of course, but it has more

Golf Pro at Colonial Greens Country Club Ken Slough addresses the ball on their 18-hole course on the Salinas-Monterey Highway. The Club is now open, and officials reminded us that some social memberships are still available. Slough came to Colonial Greens from Willow Park Golf and Country Club. He studied for three years under Eddi Duino, Sr., at San Jose and worked at the Lake Tahoe Golf and Country Club before going to Willow Park. The "Pro" shop carries a complete line of golf equipment.

The Complete Gardener

. . . a regular diet of information having to do with plants

Without doubt, the queen of the fall flowers is the chrysanthemum. There is no other bloom which can take its place in the autumn garden and now it holds the center of the stage. Although mums have been the traditional flower of fall since they were first introduced in this country over 100 years ago, we now have new varieties that appear on the scene at Easter and in the spring flower shows.

The casual observer may believe that plants bloom whenever they get good and ready. But this is not the case. Many have a built-in cosmic clock that tells them when their buds should be formed. In the spring-blooming plants flowering is triggered by fewer hours of sunlight, while flower buds of summer bloomers are formed during long days. Thus, in the fall, the shortening days inspire the mum. So sensitive is each plant tuned to its own day length that changes of only a few minutes determine whether it will flower or not. Overcast weather doesn't change a plant's clock, but a light left burning in a greenhouse can easily upset the bloom of shore-day plants. Some things just require more sleep than others.

Chrysanthemums are short-day plants which can be forced into bloom by controlling the amount of light they get on longer days. They can be covered from daylight until 9 a.m.; or from 3 p.m. until dark. Results are the same. As for culture, full sun is best and, due to their shallow rooting habits, frequent waterings. This is where a good organic mulch is needed. If grown in partial shade these plants tend to become spindly and the lower leaves may shrivel. A light, rich, well-drained soil is ideal. And feed them heavily. We find that hoof-and-horn meal, mixed half-and-half with a 6-9-6 fertilizer, provides a complete nourishment. Five pounds of this mixture will feed a bed

Six ways to cut the cost of your winter heating bills.

1. *Have your heating system checked now.*
Don't let the first cold snap catch you unprepared for winter. Call your furnace man or plumber. He'll make sure your furnace is in safe working order with your gas pilots operating.

2. *Insulate*
Insulate floors and ceilings and you'll cut heating costs up to 45%. Good insulation increases the value of your home—it often pays for itself in just a few seasons.

3. *Weatherstrip.*
Weatherstripping around outside doors and windows plugs heat leaks and keeps cold air outside. A door-jamb may require a metal strip to take the constant friction of opening and closing. Loose windows may need a thick felt stripping.

4. *Close dampers and drapes.*
When not using your fireplace, close the damper so heat won't escape up the chimney. Also, close window drapes at night. Otherwise, 16% of your heat is lost.

5. *Set your thermostat—and leave it.*
Frequent changes in room temperature settings mean a bigger heating bill. Agree on a healthy thermostat setting (say 70°) and leave it there.
If Junior says he's cold, put a sweater on him.

6. *Change filters.*
Most forced air furnaces have filters to trap dust. For maximum heat flow they should be replaced every six months. Clean dust and lint out of wall and floor heaters periodically, too.

Bigger bills, but lower rates.
Your winter PG&E bills *will* reflect increased heating and lighting, TV watching, more hot meals and more appliances in use.
But there have been six reductions in PG&E gas and electric rates in the past four years. So summer *and* winter, your PG&E service is a bigger family bargain than ever.

PARTY PLANS . . .

by Phyllis Jervey

"Versatile Ways with Squash"

Squash, like maize and tomatoes, is a native of the Western hemisphere and the name comes from the Massachusetts Indian word "askutsquash", meaning "eating raw or uncooked", although today we certainly prefer to cook ours. The squash is a member of the gourd family which includes cucumbers and pumpkins. There are about 900 species but we will concern ourselves with versatile ways to cook acorn and zucchini, long favorites in California.

What could be more savory than Sausage Stuffed Squash. Maple-flavored or corn syrups, honey, chutney, brown sugar, bacon, ham, porklinks, apples, cranberries, oranges, pineapple, marshallows and salted peanuts are just a few of the goodies that combine to enhance the delicate flavor and texture of acorn squash: a great autumn appeaser for newly accelerated appetites and a fine budget balancer as well as storehouse of nutrients. Who could ask for more?

Sausage Stuffed Squash

Two medium acorn squash; salt; ½ lb. sausage meat; 2 tbsps. minced onion; ¾ cup finely chopped pared apple; ¼ tsp. dried crumbled oregano leaves; soft bread crumbs.

Preheat oven to 375 F. Scrub squash; cut in half crosswise and scoop out seeds and stringy portion. Sprinkle insides with salt and place cut side down in shallow baking pan. Add hot water to measure ½ inch. Bake uncovered 30 minutes or until squash is tender when tested with a fork. Meanwhile saute sausage until nicely browned; remove from skillet and set aside. Drain all but 2 tbsps. drippings and saute onion until golden. Return sausage with apple and oregano to skillet combining same. Fill squash halves with sausage mixture, top each with bread crumbs and bake uncovered an additional 30 minutes. Serves 4.

Pineapple Acorn Squash

Three medium acorn squash; salt; 1/3 cup butter; 1½ cups pineapple chunks; 1 apple diced; 2 tbsps. brown sugar.

Wash squash; cut in half. Leave seeds in and stem on. Cook in small amount of boiling salted water until almost tender, about 20 minutes. Remove seeds and sprinkle cavity with salt and 1 tbsp. butter. Mix pineapple and apple with brown sugar. Fill-in-cavity and bake in 350 F. oven 30 minutes, basting with pineapple juice. Serves 6.

Zucchini with Walnuts

1½ lbs. zucchini, unpeeled; ½ cup sliced green onions; ½ cup salad oil; ¼ cup dry white wine; 2 tbsps. lemon juice; ½ tsp. salt; ½ cup water; ½ cup coarsely chopped walnuts.

Cut unpeeled zucchini in ½-inch slices. Saute these with green onion in oil for 5 minutes. Add walnuts. Serve hot. Wonderful with baked ham and sweet potato souffle. Serves 6.

Lettuce-Zucchini Salad

Toss head lettuce, romaine and watercress (in bite-size pieces) with thinly sliced unpeeled raw zucchini. Add sliced unpeeled radishes and green onions with crumbled Roquefort cheese. Make a tart wine vinegar and olive oil dressing and mix all together but do not "drown". Serve chilled.

There are many delicious stuffings for zucchini. To stuff them parboil first, cut in half or remove slice from top, hollow out center and add this pulp to other ingredients, return to shell, dot with butter, bake and brown in moderate oven. Add pulp to chopped cooked ham, mushrooms, bread crumbs, parsley, butter and tomato ketchup. Or combine pulp with finely chopped onion, parsley, hard boiled egg, tomato, grated Parmesan cheese and a little of the water in which squash was cooked. Taste for seasoning.

So you see how versatile squash can be and SO good!

than that. It has a list of all the works of Edgar Rice Burroughs, and it has a dictionary of ape-talk, no less. The title is THE BIG SWINGERS.

PLANNING HOMES FOR THE AGED is by Mathiason and Noakes. The homes referred to in the title are not residences but more like convalescent homes. There are several small sketch plans, but the book is mostly about general rules for planning such buildings. The field is of great interest in this area and much could be done to improve such facilities in many cases. Pleasant rooms at moderate cost are what is needed. Perhaps this book may serve to speed such services.

DIVISION 3—
COMMUNITY ANTENNA TELEVISION SYSTEM

1420. DEFINITIONS. For the purposes of this Division, the following terms, phrases, words, abbreviations, and their derivations shall have the meaning given herein. When not inconsistent with the context, words used in the present tense include the future tense, words in the plural number include the singular number, and words in the singular number include the plural number.

(a) "City" shall mean the City of Carmel-by-the-Sea, a municipal corporation of the State of California.

(b) "Council" shall mean the present governing body of the City or any future board constituting the legislative body of the City.

(c) "Franchise" shall mean and include any authorization granted hereunder in terms of a franchise, privilege, permit, license or otherwise to construct, operate and maintain a CATV system in the City. Any such authorization, in whatever term granted, shall not mean and include any license or permit required for the privilege of transacting and carrying on a business within the City.

(d) "Grantee" shall mean the person, firm or corporation to whom or which a franchise, as hereinabove defined, is granted by the Council under this Division, and the lawful successor, transferee or assignee of said person, firm or corporation.

(e) "Street" shall mean the surface of and the space above and below any public street, road, highway, freeway, lane, path, alley, court, sidewalk, parkway, or drive, now or hereafter existing as such within the City.

(f) "Property of grantee" shall mean all property owned, installed or used by a grantee in the conduct of a CATV business in the City under the authority of a franchise granted pursuant to this Division.

(g) "CATV" shall mean a community antenna television system as hereinafter defined.

(h) "Community Antenna Television System" shall mean a system of antenna, coaxial cables, wires, wave guides, or other conductors, equipment or facilities designed, constructed or used for the purpose of providing television or FM radio service by cable or through its facilities as herein contemplated. Gross Annual Receipts shall not include any taxes or services furnished by the grantee imposed directly on any subscriber or user by any city, state or other governmental unit and collected by the grantee for such governmental unit.

1420.1 FRANCHISE TO OPERATE. A nonexclusive franchise to construct, operate, and maintain a CATV system within all or any portion of the City may be granted by the Council to any person, firm or corporation, whether operating under an existing franchise or not, who or which offers to furnish and provide such system under and pursuant to the terms and provisions of this Code.

No provision of this Code may be deemed or construed as to require the granting of a franchise when in the opinion of the Council it is in the public interest to restrict the number of grantees to one or more.

1420.2 USES PERMITTED BY GRANTEE: Any franchise granted pursuant to the provisions of this Division shall authorize and permit the Grantee to engage in the business of operating and providing a CATV system in the City and for that purpose to install, construct, repair, replace, reconstruct, maintain and retain in, on, under, over, upon, across and along any public street, utility easement, or public right-of-way such wires, cables, conductors, ducts, conduit, vaults, housings, manholes, amplifiers, appliances, pedestals, attachments, and other property technically essential, necessary and customarily appurtenant to an all band multi-channel CATV system and for such purpose to use existing poles and facilities provided by, rented or leased from other persons, firms or corporations including but not limited to any public utility or other Grantee franchised or permitted to do business in the City. The Grantee shall have the right to continue to use any existing CATV equipment, cables, conductors, ducts, conduit, vaults, housings, manholes, amplifiers, poles, boxes and other appurtenances now owned by the Grantee and located within the City. However, new above ground utility type pole placement, if any, shall have the prior approval of the City Council.

In the event that any of the poles used by Grantee should be removed so as to provide underground electric power and telephone services, then and in that event Grantee will as soon as practicable reconstruct on such affected area its facilities underground upon order of the City Council in a manner to be approved by the Director of Public Works.

1420.3 DURATION OF FRANCHISE. No franchise granted by the Council under this Code shall be for a term longer than Fifteen years following the date of acceptance of such franchise by the grantee or the renewal thereof.

Any such franchise granted hereunder may be terminated prior to its date of expiration by the Council in the event that said Council shall have found, after Thirty days' notice of any proposed termination and public hearing, that:

(a) the grantee has failed to comply with any provision of this Division of the Code, or has, by act or omission, violated any term or condition of any franchise or permit issued hereunder; or

(b) any provision of this Division of the Code has become invalid or unenforceable and the Council further finds that such provision constitutes a consideration material to the grant of said franchise; or

(c) the City acquires the CATV system property of the grantee.

1420.4 FRANCHISE PAYMENTS. Any grantee granted a franchise under this Division of the Code shall pay to the City, during the life of such franchise, a sum equal to a percentage of the gross annual receipts of the grantee, as may be established by the City Council by Resolution. Such payment by the grantee to the City shall be made annually, or as otherwise provided in the grantee's franchise, by delivery of the same to the Finance Officer of this City.

The grantee shall file with the City, within Thirty days after the expiration of any calendar year or portion thereof during which such franchise is in force, a financial statement prepared by a certified public accountant, or person otherwise satisfactory to the Council, showing in detail the gross annual receipts, as defined herein, of grantee during the preceding calendar year or portion thereof. It shall be the duty of the grantee to pay to the City, within Thirty days after the time for filing such statements, the sum hereinabove prescribed or any unpaid balance thereof for the calendar year or portion thereof covered by such statements.

In any year, or portion thereof, following the first full year service has been provided and during which payments under this section amount to less than One Thousand Two Hundred Dollars ($1,200.00) per year, grantee shall pay the City as a minimum an amount equal to One Thousand Two Hundred Dollars ($1,200.00) per year.

The City shall have the right to inspect the grantee's records showing the gross receipts from which its franchise payments are computed and the right of audit and recomputation of any and all amounts paid under this Division. No acceptance of any payment shall be construed as a release or as an accord and satisfaction of any claim the City may have for further or additional sums payable under this Division or for the performance of any other obligation hereunder.

In the event of any holding over after expiration or other termination of any franchise granted hereunder, without the consent of the City, the grantee shall pay to the City reasonable compensation and damages, of not less than one-hundred per cent (100%) of its total gross profits during said period.

1420.5 LIMITATIONS OF FRANCHISE.

(a) Any franchise granted under this Division shall be nonexclusive.

(b) No privilege or exemption shall be granted or conferred by any franchise granted under this Division except those specifically prescribed herein.

(c) Any privilege claimed under any such franchise by the grantee in any street or other public property shall be subordinate to any prior lawful occupancy of the streets or other public property.

(d) Any such franchise shall be a privilege to be held in personal trust by the original grantee. It cannot in any event be sold, transferred, leased, assigned or disposed of, in whole or in part, either by forced or involuntary sale, or by voluntary sale, merger, consolidation or otherwise, without the prior consent of the Council expressed by resolution, and then only under such conditions as may therein be prescribed. Any such transfer or assignment shall be made only by an instrument in writig, a duly executed copy of which shall be filed in the Office of the City Clerk within thirty (30) days after any such transfer or assignment. The said consent of the Council may not be arbitrarily refused; provided, however, the proposed assignee must show financial responsibility and must agree to comply with all provisions of this Division; and provided further, that no such consent shall be required for a transfer in trust, mortgage or other hypothecation as a whole, to secure an indebtedness.

(e) Time shall be of the essence of any such franchise granted hereunder. The grantee shall not be relieved of his obligation to comply promptly with any of the provisions of this Division or by any failure of the City to enforce prompt compliance.

(f) Any right or power in, or duty impressed upon, any officer, employee, department, or board of the City shall be subject to transfer by the City to any other officer, employee, department, or board of the City.

(g) The grantee shall have no recourse whatsoever against the City for any loss, cost, expense, or damage arising out of any provision or requirement of this Division or of any franchise issued hereunder or because of its enforcement.

(h) The grantee shall be subject to all requirements of City Codes, rules, regulations and specifications heretofore or hereafter enacted or established.

1421. RIGHTS RESERVED TO THE CITY.

(a) Nothing herein shall be deemed or construed to impair or affect, in any way, to any extent, the right of the City to acquire the property of the grantee, either by purchase or through the exercise of the right of eminent domain, at a fair and just value, which shall not include any amount for the franchise itself or for any of the rights or privileges granted, and nothing herein contained shall be construed to contract away or to modify or abridge, either for a term or in perpetuity, the City's right of eminent domain.

(b) Neither the granting of any franchise hereunder nor any of the provisions contained herein shall be construed to prevent the City from granting any identical, or similar, franchise to any other person, firm or corporation, within all or any portion of the City.

(c) There is hereby reserved to the City the power to amend any section or part of this Division so as to require additional or greater standards of construction, operation, maintenance or otherwise, on the part of the grantee.

(d) Neither the granting of any franchise nor any provision hereof shall constitute a waiver or bar to the exercise of any governmental right or power of the City.

(e) The Council may do all things which are necessary and convenient in the exercise of its jurisdiction under this Division and may determine any question of fact which may arise during the existence of any franchise granted hereunder. The City Council is hereby authorized and empowered to adjust, settle, or compromise any controversy or charge arising from the operations of any grantee under this Division, either on behalf of the City, the grantee, or any subscriber, in the best interest of the public.

1421.01 Section 8. PERMITS. Within thirty (30) days after acceptance of any franchise the grantee shall proceed with due diligence to obtain all necessary permits and authorizations which are required in the conduct of its business, including, but not limited to, any utility joint use attachment agreements, microwave carrier licenses, and any other permits, licenses and authorizations to be granted by duly constituted regulatory agencies having jurisdiction over the operation of CATV systems, or their associated microwave transmission facilities.

1421.1 LOCATION OF PROPERTY OF GRANTEE.

(a) Any poles, wires, cable lines, conduits or other properties of the grantee to be constructed or installed in streets, shall be so constructed or installed only at such locations and in such manner as shall be approved by the Superintendent of Public Works acting in the exercise of his reasonable discretion.

(b) The grantee shall not install or erect any facilities or apparatus in or on other public property, places or rights-of-way, or within any privately-owned area within the City which has not yet become a public street but is designated or delineated as a proposed public street on any tentative subdivision map approved by the City without obtaining the prior written approval of the Superintendent of Public Works.

1421.2 REMOVAL AND ABANDONMENT OF PROPERTY OF GRANTEE.

(a) In the event that the use of any part of the CATV system is discontinued for any reason for a continuous period of twelve (12) months, or in the event such system or property has been installed in any street or public place without complying with the requirements of grantee's franchise or this Division or the franchise has been terminated, cancelled or has expired, the grantee shall promptly, upon being given ten (10) days' notice, remove from the streets or public places all such property and poles of such system other than any which the Superintendent of Public Works may permit to be abandoned in place. In the event of such removal, the grantee shall promptly restore the street or other area from which such property has been removed to a condition satisfactory to the Superintendent of Public Works.

(b) Any property of the grantee remaining in place thirty (30) days after the termination or expiration of the franchise shall be considered permanently abandoned. The Superintendent of Public Works may extend such time not to exceed an additional thirty (30) days.

(c) Any property of the grantee to be abandoned in place shall be abandoned in such manner as the Superintendent of Public Works shall prescribe. Upon permanent abandonment of the property of the grantee in place, the property shall become that of the City, and the grantee shall submit to the Superintendent of Public Works an instrument in writing, to be approved by the City Attorney, transferring to the City the ownership of such property.

1421.3 CHANGES REQUIRED BY PUBLIC IMPROVEMENTS. The grantee shall, at its expense, protect, support, temporarily disconnect, relocate in the same street or other public place, or remove from the street or other public place, any property of the grantee when required by the Superintendent of Public Works by reason of traffic conditions, public safety, street vacation, street construction, change or establishment of street grade, installation of sewers, drains, water pipes, power lines, signal lines, and tracks or any other type of structures or improvements by public agencies; provided, however, that the grantee shall in all such cases have the privileges and be subject to the obligations to abandon any property of the grantee in place, as provided in Section 1421.2 hereof.

1421.4 FAILURE TO PERFORM STREET WORK. Upon failure of the grantee to commence, pursue, or complete any work required by law or by the provisions of this Division or by its franchise to be done in any street or other public place, within the time prescribed, to a condition equal to that existing prior to the commencement of the activity, and to the satisfaction of the Superintendent of Public Works, the Superintendent of Public Works may, at his option, cause such work to be done and the grantee shall pay to the City the cost thereof in the itemized amounts reported by the Superintendent of Public Works to the grantee within thirty (30) days after receipt of such itemized report.

1422. FAITHFUL PERFORMANCE BOND.

(a) The grantee shall, concurrently with the filing of and acceptance of award of any franchise granted under this Division file with the City Clerk, and at all times thereafter maintain in full force and effect for the term of such franchise or any renewal thereof, at grantee's sole expense, a corporate surety bond in a company and in a form approved by the City Attorney, in the amount of Fifteen Thousand Dollars ($15,000.00) renewable annually, and conditioned upon the faithful performance of grantee, and upon the further condition that in the event grantee shall fail to comply with any one or more of the provisions of this Division, or of any franchise issued to the grantee hereunder, there shall be recoverable jointly and severally from the principal and surety of such bond any damages or loss suffered by the City as a result thereof, including the full amount of any compensation, indemnification, or cost of removal or abandonment of any property of the grantee as prescribed hereby which may be in default, plus a reasonable allowance for attorney's fees and costs, up to the full amount of the bond; said condition to be a continuing obligation for the duration of such franchise and any renewal thereof and thereafter until the grantee has liquidated all of its obligations with the City that may have arisen from the acceptance of said franchise or renewal by the grantee or from its exercise of any privilege therein granted. The bond shall provide that thirty (30) days' prior written notice of intention not to renew, cancellation, or material change, be given to the City.

(b) Neither the provisions of this section, nor any bond accepted by the City pursuant hereto, nor any damages recovered by the City thereunder, shall be construed to excuse faithful performance by the grantee or limit the liability of the grantee under any franchise issued hereunder or for damages, either to the full amount of the bond or otherwise.

The main house, also French Provincial, is on the road near the "Lodge" and comes as part of the "Deal" at no extra cost!

The main house has two bedrooms, two baths. Full dining room, enclosed Lanai, with trees, plants and ivy growing "inside" to a height of 8 feet. Large circular drive in the French tradition that will accommodate fifteen cars. Spectacular landscaping or rugged nature, requiring a modest amount of care for the fenced acre-plus grounds.

There is one bedroom plus enclosed lanai that converts to extra bedroom or den when needed. It has everything needed for one or two couples to live independently of the main house.

If you have need for extra quarters to "house" your parents, children, mothers-in-law, fathers-in-law, grandchildren or guests in "deluxe surroundings," these two homes are for you. If it dosen't fit you or your family, maybe you know somebody it will. Cut this ad out and show it to them.

Council Changes Liquor Ordinance

At the adjourned City Council meeting last night the councilmen were prepared to hear the second reading of the revised ordinance governing the consumption of alcoholic beverages in the city, but Councilman Herb Blanks questioned the part which forbids liquor consumption on the grounds of service stations.

He said that after speaking to several gas station managers, he found they objected to the thought of officers coming on their private property to enforce the law, if it passed. Blanks wanted to differentiate between public use and private use. The ordinance was changed to include any publicly used portions of the exterior of a service station.

Consumption of alcoholic beverages will still be permitted on the beach, according to the ordinance.

The council considered establishing the new position of Fire Inspector. Eben Whittlesey moved that the unfilled position of Fire Marshal (range 45) be eliminated to make room for a Fire Inspector, (range 60) and advertise the position and select the best man for the job after a battery of tests and interviews.

However, since the new position would include engineering duties, and Lee McGuckin is already performing these tasks, advertising the new position would be unnecessary. Herb Blanks retracted his second and moved that Lee McGuckin be elevated from engineer to Fire Inspector. Blanks said, "He has never shown a lack of qualification for this job." The motion carried.

Grunsky Addresses Chest Luncheon

The evening of November 6 has been set for concentrating the Community Chest Fund Drive to reach every resident. If more volunteers would donate one hour in which they would call on five neighbors, the drive could be successfully completed, said chairman Emile Bouhaben at the kick-off luncheon at Del Monte Lodge last week. "The work of volunteer agencies could not be done by government," said State Senator Grunsky in his talk. "They don't have the dedication or the heart." We need the aid and assistance of state programs, he said, but we should never "let government do it."

Among those receiving Community Chest "Good Guy" awards were Stephen Sassoon of Carmel, chairman of the Monterey Peninsula Business Division, and Gordon Cubbison, Carmel,, who is chairman of Carmel business firms being contacted this week. David Rudolph of Carmel Valley is another "Good Guy" award winner. J. Daniel Tibbitts is president of the Community Chest organization this year. Anyone willing to devote an hour to the campaign is urged to call the Chest office at 372-8026.

Teagues Disperse

Donald Teague, artist, left for Spain Saturday while Mrs. Teague left for Mexico City. Hilary Teague, who is playing in "Barefoot in the Park," and her sister Linda, will leave for Greece at the end of the run. Later they will go to London and attend the theatre every matinee and evening they are there.

Educationally Handicapped Program Plan

Mr. Thomas Sanford, Carmel School District psychologist, described the program for the educationally handicapped to the School Board last night. He had worked on the research for the pilot program in Los Angeles.

The program, he explained, was for children, seven to ten years old, of normal intelligence with neurological, behavioral, or emotional difficulties, who might need vision or balance retraining, or other special help. The class, which Miss Judy Penwell teaches at River School, which now has six youngsters, includes referrals from Woods and Carmelo Schools.

Referrals to the class are based on consultation between teacher, principal, school psychologist, nurse, doctor, and counsellor, he said. Parents to whom he "listens a lot" are consulted three times in the process and must give their consent. The program is supported by federal aid and each child is allowed $910 ADA which covers part of the salaries of the school nurse, psychologist and consultative services, as well as the teacher's.

The child might spend only one or two periods in the class or he might spend all his time in this normal looking classroom which includes perceptual or motor training equipment. The pupil is given work in which he can succeed on which progress can be built.

A vocational course in Fire Science taught by Paul T. Artellan, Carmel fire engineer, was approved. Other business was routine.

MARKET COMMENTARY

Dow Theory Business and Stock Market Forecasts letter of October 6 states "The key to the near term future of stock prices remains with the rail average which will probably show the way to the next major move in stock prices. Right now that average is not too encouraging. Continue to buy and hold stocks for the long term, keeping a 25% reserve against unexpected contingencies." A new stock recommendation—Smith, Kline & French around $57.

Community Church New Buildings Dedicated

Recalling the flat roofed early Christian buildings set in walled-in gardens of the Holy Land, the Community Church of the Monterey Peninsula dedicated two new buildings designed by Burde and Shaw Architects, last Sunday afternoon. The tower and bell of the church which is located on Carmel Valley Road just east of Middle School, designate that it is a church. Actually, the main building will be converted into class rooms as soon as the main sanctuary is built.

Over two hundred people attended the formal three o'clock reception at which Reverend Burkert Cree officiated, and the tea which was planned by Mrs. Charles McDaniel, of Pacific Grove, Fellowship Chairman. She was assisted by Mrs. Julian von Meier, Carmel, president of Filia Circle, and by Mrs. Mark Brislawn of Carmel Hacienda, president of the Women's Association.

Mrs. Philip Davis, Carmel Valley, presided at the silver punch bowl in the library, assisted by Mrs. James Pruitt of Carmel. Coffee was poured in the reception center by Mrs. Charles Pearson, and Mrs. Floyd Carter, both of Carmel. Flowers and decor were by Mrs. Walter J. Hammond.

Women of the church led by members of the Guild whose president is Mrs. Fred C. Askew, Carmel, contributed the array of cookies. They also helped with the preliminary and after event work.

Guests were somewhat mystified by the huge crates inside the wall. These proved to be the new pipe organ from Germany which will be dedicated next Sunday following the 10:30 service. Professor Herbert Nanney, organist for Stanford University, will play for the special service at which the chancel and altar appointments will also be dedicated. The organ is a gift of Peter and Sophie Kutschera of Carmel Valley.

Robert E. Fitch of the Pacific School of Religion will speak at next Sunday's evening service at 7:30.

Colorful Fiesta

Sunday afternoon thousands of people, some in Spanish costumes, turned out to help the Carmel Mission celebrate its Fiesta de San Carlos. Spanish dancers and strolling musicians entertained the crowd which took time out to visit the museum, play games of chance and skill in the colorful booths or partake of barbecued chicken, beans, enchiladas, soft drinks, wine and beer. Some booths had international food products for prizes, others money . . . the most popular sold three rings for ten cents, the object to win money by ringing a coin. Teenagers packed the dance to the rhythms of "37 Scence," local combo. Eleven o'clock Mass was well attended, and the crowd included many nuns and priests.
